Practical No. 2
To distinguish client-server architecture, Internet, WWW, web browser and web server.

Problem Statement 1:

Study and distinguish the following concepts in your words:

1. Client-server architecture, Internet and World Wide Web
2. Web Browser and Web Server

Problem Statement 2:

Study and describe the following concepts in your words:

1. Hypertext
2. Hyperlink
3. HTTP
4. HTTP Status Codes with meaning

Note:

1. Create a **handwritten document** of the above stated concepts with exam seat number and signature on every page.
2. Scan the document and **create a pdf file** with **"ExamSeatNum_P#PS#"** as its name.
3. Upload the file on the **WCE Moodle** before the given deadline.
